BIG ADVERTISEMENT FOR CALIFORNIA

San Francisco and Entire State
Will Benefit Through
Publicity

It pays to advertise. Any business
man will tell you that. But what a
great many people do not realize is
that advertising—judicious adver-
tising—pays the advertiser, whether the
advertiser be a business man, a city
or a State.

The census returns show a healthy
growth in the great majority of cities
throughout the United States but the
greatest average increase in popula-
tion is found in those communities
that have followed a course of system-
atically advertising their superior ad-
vantages in climate, and in commer-
cial and industrial possibilities.

A striking example of the benefits
of municipal advertising, as illustrated
by census returns, is shown in a re-
cent press dispatch from Washington
giving the completed figures from four
cities. The city of Jacksonville, Flor-
ida, heads the list with an increase of
103 per cent. This is a wonderful in-
crease and way beyond anything
shown by the other cities included in
the report.

The explanation is simple. The
city of Jacksonville has been a gener-
ous and consistent advertiser. Henry
M. Flagler has expended \$2,000,000 in
telling the world about Florida, and
about the beautiful and progressive
Jacksonville and the world has re-
sponded. Florida has grown and de-
veloped remarkably in ten years and
Jacksonville has shared in the general
prosperity.

The advertising that San Francisco
is receiving and will continue to re-
ceive for the next five years will
bring results equal to those shown in
the Jacksonville returns. Not a dollar
of money that is being spent by San
Francisco in the fight for the Panama-
Exposition will be wasted. It is an in-
vestment, and an immensely profitable
one whether the fight for the fair is
won or lost, and as we are going to
win, the investment will be doubly
profitable.

WHAT IS THEIR EXCUSE?

Oxnard Courier Believes All California

Papers Should Boost the

Exposition.

The Oxnard Courier wants to know
what excuse any California paper has
for not boosting for the Panama-Pa-
cific Exposition. Commenting on the
indifference of some and opposition of
others to the movement, the Courier
says:

"The editor of the Santa Ana Blade re-
fused the invitation to be the guest of
the San Francisco and San Diego Ex-
position companies at Santa Barbara be-
cause he was afraid it would put him un-
der obligations to boost for a \$5,000,000
bond issue for the benefit of San Fran-
cisco. The Blade man made a mistake.
He should have gone to Santa Barbara
and listened to the San Francisco and
San Diego speakers. A judge would
be a poor jurist who makes up his
mind before he hears any of the argu-
ments. This fair proposition is one
that is not for the glory of San Fran-
cisco, but for the glory of California
as against New Orleans and Louisiana.
The latter State with an assessed val-
uation of only one-fifth that of Cali-
fornia has already raised six and a
half millions. If the Blade and other
newspapers of Southern California that
did not send representatives to Santa
Barbara and in the light of the devel-
opments at that conference, are not
willing to shout for San Francisco,
San Diego and all California," what
are they going to shout for in the
World's Fair controversy? The South-
ern and Middle States are solid
against California. The West and the
East will have to pull unitedly for this
Exposition or it will go to the
South. What excuse has any Cali-
fornia paper for not boosting for the Fair
in this State?"

The "Sting" of Death.

The sting of death physically is noth-
ing; a man who has lost consciousness
in the water, a man who has been un-
der an anaesthetic, a man stunned in an
accident—these have been in effect
dead, and yet they know nothing of
death. In speaking of it the most
glaring contradictions pass quite nat-
urally for axioms. It is the "gentle
hand," but it is also the "grimy ter-
ror." It is "beautiful" and "wonder-
ful," but it is also "terrible."—London

A Cargo Hard to Handle.

Asphalt is said to be the most diffi-

The asphalt is taken out of the asphalt

and by the time the vessel reaches a
northern port has hardened, so that
to unload it is necessary for the men
to go into the hold and dig it out with
pick and shovel. This takes time, and
a vessel carrying such cargo always
has to arrange for a considerable stay
in port.

THE OPIUM HABIT.

Its Effects as Described by Bill Nye in

His Memoirs.

I have always had a horror of opi-
ates of all kinds. They are so seductive
and so still in their operations. They
steal through the blood like a wolf on
the trail and they seize on the heart
with their white fangs till it is still
forever.

Up the Laramie there is a cluster of
ranches at the base of the Medicine
Bow, near the north end of Sheep
mountain. Well, a young man whom
we will call Curtis lived at one of
these ranches years ago, and, though
a quiet, mind-your-own-business fel-
low who had absolutely no enemies
among his companions, he had the
misfortune to incur the wrath of a
tramp shepherd, who waylaid Curtis
one afternoon and shot him dead
as he sat in his buggy. Curtis wasn't
armed.

A rancher came into town and tele-
graphed to Curtis' father, and then
half a dozen citizens went out to help
capture the herder, who had fled to
the foothills.

They didn't get back till toward day-
break, but they brought the herder
with them. I saw him in the gray of
the morning, lying in a coarse gray
blanket on the floor of the engine
house. He was dead.

I asked, as a reporter, how he came
to his death and they told me,
"Opium." The murderer had taken
poison when he found that escape was
impossible.

I was present at the inquest so that
I could report the case. There was
very little testimony, but all the evi-
dence seemed to point to the fact that
life was extinct, and a verdict of death
by his own hand was rendered.

It was the first opium work I had
ever seen, and it aroused my curiosity.
Death by opium, it seems, leaves a
dark ring around the neck. I did
not know this before. People who die
by opium also die their hands together
before they die. This is one of the
eccentricities of opium poisoning that
I have never seen laid down in the
books. I bequeath it to medical
science. Whenever I run up against a
scientific discovery I just hand it
right over to the public without cost.

Ever since the above incident I have
been very apprehensive about people
who seem to be likely to form the
opium habit. It is one of the most
deadly narcotics, especially in a new
country.

Caught a Tartar.

Senator Theodore E. Burton of Ohio,
who is a bachelor and has never been
ensnared by the wiles of women, tells
a story of a young lady and a judge of
his acquaintance. The former was a
widow in the latter's court. The pro-
secuting attorney had repeatedly put
her questions which she persistently
evaded under the plea that she did not
comprehend his meaning, whereupon
his honor undertook to bring out the
proper responses. Leaning over, he
said in a kindly and fatherly manner:

"Young woman, why is it that you
insist in refusing to understand the
questions of counsel? You are a per-
son of charm, grace, beauty and more
than average intelligence and—"
"Thank you, your honor," interrupted
the young woman, "if it were not
for the fact, judge, that I am under
oath I would return the compliment."

BROKE UP THE HABIT.

A Woman Who Found a Simple Rem-
edy For a Big Annoyance.

"What has become of those two chil-
dren who visited you so often?" asked
one west side woman of another. The
other smiled discreetly.

"They are the children of my niece,
and she was making a convenience of
me. Of course I love the children,
but I never allow myself to become
much of a victim of imposition. My
niece is an extremely gay young wid-
ow, and she does not like to take care
of her children. She is fond of shop-
ping, matinees, afternoon teas and
everything, in short, which takes her
away from home, and she got into a
habit of sending her children over to
my house for me to take care of when-
ever she wished to go about. I de-
cided it was time to break up the
habit, for her own good and that of
the children, as well as mine, so I
did."

"I suppose that made your niece
angry?"

"Oh, no; it couldn't. I never said
anything about it. The last time the
children came over I spent the after-
noon teaching them verses from the
Bible, and they didn't find it suffi-
ciently entertaining. They never came
back. Just how they managed to work
it out with their mother I do not know,
but I suppose they struck or begged
off. Of course she could not object
to what I had done, and it proved
a very simple solution."—New York

The Gubernatorial Gladiators

As the political campaign advances the contest between Hiram Johnson and Theodore Bell for Gubernatorial honors is waxing hot. Both candidates have thrown dignity and the issues of the campaign, if there really be any issues, to the winds, and are indulging in bitter personalities from the stump that rounds to the credit of neither. Both are railing over the "railroad issue," and between vilifying one another and throwing their hooks into "Herrin and the Southern Pacific machine," which got its quietus in the recent primary election, their mouthings are disgusting the intelligent voter. If these political gladiators would get down to business and discuss the constitutional amendments and other proposed legislation and abstain from personal vilification and abuse it were more fitting and more dignified for these aspirants for Gubernatorial honors, who have evidently lost their heads in their eagerness to land the prize.

Death of a Young Man

Valdemar Leidecker, a young man who has resided in this valley for several years, died at the home of his parents in Fruitvale, Alameda county, last Tuesday evening. The deceased was associated in business in this place with his brother, Fred Leidecker, up to a short time ago, when failing health compelled him to give up his business and he returned to his old home in Fruitvale to die. The deceased was a native of Germany and aged 27 years.

Card of Thanks

We take this method of extending our sincere thanks to our kind friends of Sonoma and Glen Ellen for their aid and sympathy in our recent bereavement occasioned by the loss of our son Willie, and to assure them that their kindness will never be effaced from our memory.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. The 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write for full details.

Judge Sloss for the Supreme
Bench

There is always room for an honest difference of opinion on matters of public policy, and in the minds of many honest Republicans, there is a question as to the wisdom of incorporating in the State Republican platform those advanced ideas, so-called, first promulgated by the Populist party of a few years ago. But, after all it is not possible that all Republicans or Republican newspapers reflecting or leading public opinion, should agree. The whole country seems to be suffering from a surfeit of political ideas, and while we all believe in political as well as commercial and social progress, we cannot accommodate ourselves to all the isms advocated within the wide range of thought, between ultra conservatism on the one hand and ultra radicalism on the other.

We believe, however, that most of us can agree on one proposition and that is, the policy of creating a non-partisan judiciary. The people, as a whole, are jealous of the reputation and standing of the Supreme Court of the State and in their selection of candidates are prone to ignore politics; but there ought not to be any contention as to the advisability of re-electing Judge M. C. Sloss, as Associate Justice of that eminently respectable body of judges, the Supreme Court of California. The peculiar fitness of Judge Sloss, by reason of his mature age, vigorous manhood, judicial temperament, experience and profound learning, would seem to be apparent to all who have a knowledge of that gentleman's record. With the people, the selection of a judge is a matter of personal fitness and not of partisanship. Is he a just judge? Is his association of such a character that he has not become biased? Does he favor the corporation or the people's view point? Has he that judicial mind and fairness as will enable him, in his decisions, to deal justly as between the interests of labor and of capital? Is he fearless to render a just decision without regard to popular and often incompetent criticism?

In considering the candidacy of Judge Sloss regarding these qualifications, we can only judge his future record by what it has been in the past. Since Judge Sloss has been on the Supreme bench, he has written many decisions, several of them peculiarly characteristic of his fairness, notably his decision entitled Ex-parte Martin, rendered in 1909 which was of great importance to miners and smelters. This decision upheld the constitutionality of the Act limiting the hours of labor of underground miners and smelters, to eight hours per day. Another decision by Judge Sloss, of vital interest to all classes of labor employed in mills and factories, upheld the validity of the Employers Liability law. These decisions simply illustrate the fairness and fitness of Judge Sloss for the position he seeks, and his large plurality vote in the primaries, indicate that the people already recognize these facts.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Falling Hair

Ayer's Hair Vigor promptly destroys the germs that cause falling hair. It nourishes the hair-bulbs, restores them to health. The hair stops falling out, grows more rapidly.

Dandruff

Ayer's Hair Vigor just as promptly destroys the germs that cause dandruff. It removes every trace of dandruff itself, and keeps the scalp clean and in a healthy condition.

Does not Color the Hair

We wish you to positively and distinctly understand that Ayer's Hair Vigor does not affect the color of the hair, even to the slightest degree. Persons with the whitest and most delicate blond hair may use it freely without having the hair made a shade darker.

Nearly Eleven Thousand Names on Great Register

Chief Deputy County Clerk Jack Ford has totaled the entire registration of Sonoma county for the election in November. By actual count the Great Register contains the names of 10,988. The registration in this valley by precincts is as follows: Agua Caliente, 187; Glen Ellen, 170; Sonoma, 260; San Luis, 194.

AN AGED FARMER SHOOTS TRAMP.

Wounded Man's Right Foot is Mangled With Full Charge From Shotgun.

I. Peppen, an aged Frenchman residing on his little farm at the eastern terminus of Napa street near Buena Vista station, shot and dangerously wounded a young hobo grapepicker named Henry Ingraham on his premises Wednesday at an early hour in the evening.

According to Peppen's account of the shooting Ingraham entered his premises in an intoxicated condition and demanded wine and upon being refused became abusive and a dispute followed. Fearing the intruder Peppen picked up a shotgun to defend his humble little castle and in the melee which followed the invader received a full charge of No. 7 shot in the right foot below the instep.

The wounded man fell to the ground screaming with pain and then crawled a distance of several hundred yards before his cries for help brought assistance from a near-by farm house.

In the meantime, Peppen, who is over seventy years of age, reentered his humble abode and went to bed.

A telephone message from those who had been attracted to the scene by the wounded man's call for help soon brought Deputy Sheriff Ryan to the spot, who assisted Ingraham into town and rushed him to the Leix sanitarium for surgical treatment.

An examination of the wounded foot revealed the fact that most of the bones were shattered and amputation necessary. After the wound had been temporarily attended to by Dr. Leix the injured man was taken to the county hospital in Santa Rosa to be operated upon by County Physician Bogle at the expense of the county, the patient being without means.

Peppen was arrested by officer Ryan shortly after the shooting and taken before Judge Small, who admitted him to bail in the sum of \$500 for taking the pot shot at Ingraham's toes.

Rally, Republicans

Posters are out announcing a grand Republican rally in Union Hall on Saturday evening, October 29th. All the county and legislative nominees will be present to meet the people of Sonoma valley and it is planned by local county committeemen Koenig and other leading Republicans to make the meeting a rousing one. The Sonoma Valley Band has been engaged for the occasion and the visit of the candidates will be made welcome by the burning of powder, martial music and bon-fires. Let every Republican with their ladies as well as our Democratic friends and their families attend the meeting and make it a success, because, you know, we are all Americans even though there may be a political difference of opinion which is so slight this election that no candidate feels like cutting the throat of his adversary if we eliminate Hiram Johnson and Theodore Bell.

Business Rivalry Between Moving Picture Show Men

There is a keen business rivalry between the moving picture show men in this city. Not content with gaining the favor of the amusement-loving public by giving them first-class performances the rivals are giving away money prizes, groceries, etc. The Sonoma Valley Moving Picture Show gave away a \$2 cash prize last Sunday night and Mr. Collins on Tuesday night went his rival one better with a fifty-pound sack of flour. To cap the climax Collins' show will have a pie-biting contest on the stage this evening and to-morrow night the Sonoma Valley Moving Picture show will give away two prizes of \$1.00 each in cash.

The fire was caused by a defective chimney and being fanned by the wind was beyond control from the start, and nothing was saved. The loss which will reach several thousand dollars was partially covered by insurance.

Sonoma Brewing Co. Reaching Out for Business.

The Sonoma Brewing Co. is reaching out for business. On Wednesday the company shipped a carload of bottled beer to Napa county over the Southern Pacific road and also loaded up a car with beer and ice on its Northwestern Pacific sidetrack which was consigned to Petaluma. The products of this local enterprise, which gives employment to a number of home people who are heads of families, are meeting with public favor wherever introduced, and it is gradually building up a great business. The lager beer of the Sonoma Brewery is pronounced by connoisseurs the equal of the high-priced beers imported in large quantities into this State.

The ice turned out by the company is also coming in for its share of praise. It is manufactured from pure distilled water from a flowing artesian well on the brewery grounds and for purity and lasting qualities has no peer.

The plant of the Sonoma Brewing Co. already represents an investment of \$64,000 contributed entirely by local capital. The President of the corporation is John Steiner; Secretary, A. Beretta; Treasurer, H. H. Granice. The Board of Directors is composed of N. J. Haggie, Fred. Batto, F. Nichelini, Chas. Dal Poppetto, A. Froment, H. P. Mathewson and the officers mentioned above.

DEMOCRATS HOLD ROUSING MEETING

All the County Nominees Make Their Bow to the People of Sonoma

The Democratic county and legislative nominees made their bow to the people of Sonoma and vicinity in Union Hall on Friday evening of last week. It has been aptly remarked that there is no politics in this campaign and this was demonstrated when each individual candidate addressed the audience, which filled Union Hall almost to overflowing. In these days when long-haired reform Democrats are supporting Johnson for Governor and life-long Republicans are wearing Bell buttons, it looks that way, anyhow, without such demonstrations as was evidenced at the Zumwalt meeting held here last month and at the rally of the Democratic candidates the other night.

The meeting was called to order by Mayor M. E. Cummings, who as its presiding officer, introduced each candidate in his turn.

Edward H. Brown, nominee for County Clerk was the first to make his bow and was greeted with hearty applause. Mr. Brown is a resident of Santa Rosa and Secretary of the Chamber of Commerce, and in every way qualified for the position he seeks. He is a young man of pleasing address and a good campaigner.

Harvey Britain, who will try conclusions with Jack Smith for the office of Sheriff, was next introduced and in a few well-timed and brief remarks told of his candidacy. He made a very favorable impression and came in for a fair share of the applause.

John C. Smith, candidate for County Recorder, followed Mr. Britain. He has a hard man to beat in Fred Nagle, the Republican nominee. However, "Hokey," as he is affectionately called by his fellows in the Santa Rosa Court House, where he has been employed in a clerical capacity for many years, looks wise and says "see."

Robt. P. Hill of this valley, nominee for County Treasurer, was accorded an ovation by his fellow townsmen and it was several minutes before he could be heard owing to the loud and prolonged applause which greeted him. Mr. Hill has lived here all his life and the greeting he received was but fitting for a splendid manhood and good citizenship.

Chas. A. Pool, who is pitted against Fred C. Steiner, the Republican nominee for County Auditor, was well received and has no complaints to offer on that score. Frank E. Dowd, who is again claiming the suffrages of the people for the office of County Assessor was greeted with tumultuous applause. Mr. Dowd is now approaching the close of his third term for this important office and as he has made a splendid official it is admitted he will be a hard man to beat, although the Republicans have pitted a mighty good man against him in C. D. Clawson of Santa Rosa. But as experience as well as capability counts for something in the contest for assessor, Mr. Dowd most certainly has that asset in his favor.

Emil Drees of Petaluma, nominee for Tax Collector, made one of the finest addresses of the evening. With well chosen language and a remarkable pleasing delivery he impressed the audience very favorably. Mr. Drees is a successful business man of Petaluma of long standing. He has held many positions of public trust in his home town and has the full confidence and esteem of his fellow citizens over that way. In our humble opinion Mr. Drees is capable of filling any position of public trust within the gift of the people.

Miss Florence M. Barnes, for Supt. of Schools, came in for more than her share of applause, and her scholarly address was listened to with marked attention. There is no denying the fact that the lady is popular with the young voters down this way and the boys gave her a great send off at the conclusion of her remarks.

Dr. Jackson Temple, nominee for Coroner and Public Administrator, was the next speaker. The doctor is essentially a man of the people and is making friends wherever he goes. Particularly so in this valley, where he will make it lively for his Republican opponent Frank L. Blackburn if he does not get a move on. Dr. Temple is a son of the late noted jurist Justice Jackson Temple.

J. C. Parsons, who is asking the votes of the people for County Surveyor, followed the doctor in a few brief remarks.

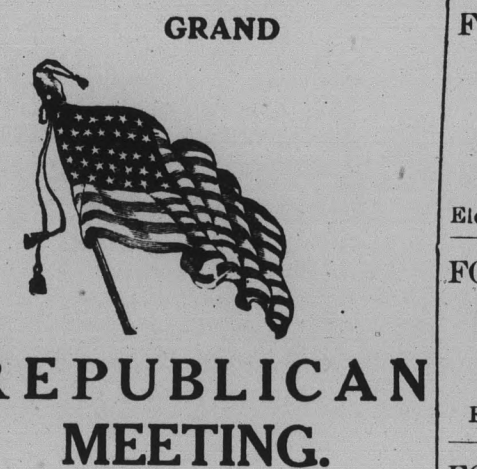

Herbert W. Slater, nominee for the Assembly, Fourteenth District, followed in the first political speech of the evening. This office is decidedly a political one and he expressed his views from a Demo-

cratic standpoint in well-chosen language. Although differing with Mr. Slater politically and trusting that his Republican opponent, Mr. Weske, may win out, we have nothing but praise for our fellow journalist and young Democratic friend whose only fault lies in his political creed and running for an office (if elected) which compels him to espouse those principles as a law maker. Mr. Slater was well received by his friends here, regardless of party affiliation, but when it comes to voting he ought not to blame those of the opposite political faith for standing in with their legislative nominees and giving their vote to the other fellow.

District Attorney Lea, who is a candidate for a second term, was given a rousing greeting. This was as it should have been, for he has not filled the office the past four years with an ability that entitles him to another term? At least that is the way the people of the Sonoma Valley feel about it, and Mr. Lea will receive a tremendous vote down this way. Democrats, Republicans, Populists, Socialists, Regulars and even Insurgents will vote for him. The criminal element, however, will oppose him as evil-doers have no use for a District Attorney who has been a terror to them in this county the past four years.

The last speaker of the evening was L. W. Juilliard candidate for State Senator, and who has been pitted by the untirred against Senator Walter F. Price, who has served the people of this district faithfully and well the past four years. However, Mr. Juilliard, who is a lawyer by profession, is in every way qualified for the position from a Democratic standpoint and is deserving of the support of his party in every way.

At the conclusion of Mr. Juilliard's speech three cheers were given for the ticket and the meeting stood adjourned.

FARMERS STRONG FOR EXPOSITION TAX

State Grange Adopts Resolutions Favoring Proposed Amendments

The farmers of California are enthusiastic supporters of the proposed Panama-Pacific Exposition to be held in San Francisco in 1915 and they are practically unanimous in favor of the proposition to tax the State and bond San Francisco to add \$10,000,000 to the Exposition fund.

The California State Grange, at its meeting in Napa on October 6th, adopted the following resolutions:

Whereas, There has been submitted to the people of the State of California two proposals for amendment to the Constitution of the State; and

Whereas, These measures, if approved, will enable the people of San Francisco to raise by taxation \$5,000,000 for the Panama-Pacific International Exposition, and will provide for a State tax adding another \$5,000,000 to the Exposition fund; and

Whereas, We, as farmers and producers, realize the vital necessity of supporting and encouraging the efforts of the men who are bending every energy to the successful consummation of the plan to place before the world the wonderful resources of the Pacific Coast; therefore, be it

Resolved, That we, the members of the California State Grange, do hereby express our belief that the best interests of California will be served by favoring these measures. We are of the opinion that the effect of the Panama-Pacific International Exposition will be to largely aid in the development of the State and her resources;

Resolved, That a copy of this resolution be sent to each subordinate Grange in the State, and to each individual member;

Resolved, That the Secretary of this organization be instructed to forward each subordinate Grange in California such printed matter as will call the attention of the people to the importance of these measures.

EDITORS FOR EXPOSITION TAX

Members of California Press Association Will Work for Amendments.

The California Press Association has unanimously and unqualifiedly endorsed the San Francisco Panama-Pacific Exposition project. Seventy-five members of the Association, all prominent newspaper editors and managers, held a three days' conference in San Francisco October 7, 8 and 9, and after a thorough discussion of the subject, pledged themselves to work for the passage of the two proposed constitutional amendments by which \$10,000,000 will be added to the Exposition fund.

The resolutions adopted contain the following paragraph having particular reference to the State tax:

"This convention heartily endorses the State tax on \$5,000,000 to be devoted to the funds of an International Exposition to be held in San Francisco in 1915."

ODD FELLOWS ENDORSE EXPOSITION

The Grand Encampment, I. O. O. F., at its annual session at Santa Ana, on October 7, unanimously adopted the following resolution endorsing the Panama-Pacific Exposition at San Francisco in 1915:

Resolved, That the Grand Encampment heartily endorses and approves the holding of the Panama-Pacific Exposition in California in 1915, and requests its members, individually and collectively, to use their best efforts and influence in local, State and National matters that shall culminate in assembling not only the people of our own Republic, but the nations of the world, in our Golden State at the completion of this great enterprise.

AN ENORMOUS PLEDGE.

Commenting editorially on the action of the legislature in paying the way to add \$10,000,000 to the San Francisco Panama-Pacific Exposition fund the Healdsburg Enterprise says:

"It is recognized that the exposition would be of great benefit to the whole coast if only from an advertising point of view. In order that the United States government may take official notice of the fair it is necessary that these bonds be voted. This \$10,000,000 together with the \$7,500,000 already subscribed by San Francisco will enable California to go to the opening of the session and offer the United States an enormous pledge that it is able to finance and conduct an exposition that will be a credit to the nation."

THE LOGICAL PLACE.

That San Francisco is the logical place to hold the world's fair in 1915 could not be denied by even the fairest minded people of New Orleans. There is no harbor to New Orleans; it is inland 100 miles, on a river, but no place to invite the navies of the world, and that will be half a show of itself. It is to celebrate the bringing ocean to ocean together, and with the finest harbor in the world San Francisco is entitled to it. Let's boost San Francisco and California.—Anton Booster.
